George W. Trapp Company Energy Tax Credit Certification Letter

This manufacturer’s certification statement is the documentation necessary to claim the energy tax credit in accordance with the American Recovery and Reinvestment Act of 2009. To receive a tax credit on the purchase price of a Trapp aluminum storm door:

1. Purchase and install the qualifying product between the dates of Jan 1, 2009 and December 31, 2010. The product must be installed over an entry door and must have the glass insert installed. The tax credit applies to the purchase price of the storm door; it does not include installation costs. The tax credit is for the homeowner’s principal residence only.
2. Download or print the certification letter below and save it with the receipt for the product. These documents should be retained with tax information for records only. The documents are not required to be sent with tax forms.

Trapp storm doors that qualify for the tax credit (all models listed qualify nationwide):
108; 120; 140; 220; 308; 320; 1508; Borderlite; Brass Diamond; Patina Diamond; Craftsman;
Crossbuck; 100; Ovalite; Defendoor; 200; Self Storing; 108 Self Storing.

George W. Trapp Company Energy Tax Certification Statement

George W. Trapp Company certifies that all Trapp storm door models listed in this statement are in compliance with the IECC U-factor requirements to qualify for 2009-2010 energy tax credits listed under the American Recovery and Reinvestment Act of 2009.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the statements are true, correct, and complete.
